COOKIES POLICY

This Cookies Policy is part of the Web Site´s [Legal Notice](#).

What are cookies?

Cookies are files sent to the browser through a web server in order to record the Users' activities during their browsing time and interaction with the web pages. Cookies allow web pages to recognize Users and/or their devices, providing the web pages with information about Users' preferences and needs in order to facilitate the navigation, to show relevant content and to improve Users' experience.

What cookies do we use?

This Web Site uses different own and third-party cookies that can be classified into the following groups:

Type	Purpose
Technical cookies	Allow users to browse web pages and make use of the different options and services available, such as identifying the session, accessing sections with restricted access, sharing content on social networks, broadcast videos or browse safely.
Personalization cookies	Allow users to access the service with some predefined features based on criteria such as language, browser type, etc.
Analytical cookies	Allow the website to quantify the number of visitors, their origin and statistically analyze the use that users make of it.

How to block them?

Users have the possibility to configure their browsers to be notified of the reception of cookies or to prevent its installation. If the Users block or disable cookies, they may continue using the Web Site, but the use of some of its services may be limited.

Please consult the instructions and manuals of your browser to expand this information. You can do it here: [Chrome](#) - [Safari](#) - [Opera](#) - [Explorer](#) - [Firefox](#) - [Android](#) - [Blackberry](#) - [Windows Phone](#).
